## **CTM Mourns the Loss of a Dear Friend and Co-worker, Christine Targo**

Chunowitz, Teitelbaum & Mandel, Ltd. mourns the loss of a dear colleague, Christine Targo, who passed away on Monday, February 27, 2017. Chris joined the firm as an accountant in 2004, after having previously worked for CTM co-founder Bill Chunowitz at his McDonald's office.

Chris was an extremely dedicated employee, and was adored by her co-workers as well as clients. She was the type of person who was always willing to lend a hand, or help out wherever needed. She was also very thoughtful and genuinely cared about others. When a co-worker once mentioned they liked her tuna casserole, she made sure to share her recipe and always bring in extra to work every time she made some for dinner.

Chris had an easy-going nature and fit in with everyone. She had a great sense of humor and enjoyed playing along with her co-workers' practical jokes – even when they were played on her! She also loved to share stories of her grandchildren, whom she cherished, or her fishing trips to Canada. She will be remembered for always having a smile on her face and will be greatly missed!
